Everspin REACH Statement

Under the definition of the REACH regulations EC1907/2006, Everspin Technologies is a producer of “articles”. REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) in excess of 0.1% by weight. The compliance status of the products was confirmed based on the latest **205** substances as **updated by ECHA on January 16, 2020**. Please refer to the following ECHA list for the most current candidate list of substances: <http://echa.europa.eu/candidate-list-table>.

Additional information on the European Union’s REACH regulation can be found here: <https://echa.europa.eu/regulations/reach/understanding-reach>

Based on the material content certifications provided by Everspin’s suppliers, none of these substances are present in the materials we use in our products, including packing and shipping materials. Therefore, Everspin products do not contain any of these SVHC in excess of 0.1% by weight.

Everspin Technologies will continue to comply with REACH requirements and notify customers of any change in article content.

A handwritten signature in black ink that reads "Paul Drobny".
