

Everspin to Participate in 19th Annual Needham Growth Conference on January 11

Chandler, AZ, December 15, 2016 — Everspin Technologies, Inc., (Nasdaq:MRAM), the world's leading developer and manufacturer of discrete and embedded Magnetoresistive Random Access Memory (MRAM), today announced that the company will participate in the 19th Annual Needham Growth Conference on Wednesday, January 11 in New York City. Webcast information for the company's January 11 presentation at 11:20 am ET is available on the [Investor Relations section of Everspin's website](#) at www.investor.everspin.com.

About Everspin Technologies

Everspin Technologies is the leading provider of MRAM solutions. Everspin's MRAM solutions offer the persistence of non-volatile memory with the speed and endurance of random access memory (RAM), and enable the protection of mission critical data particularly in the event of power interruption or failure. Everspin's MRAM solutions allow its customers in the industrial, automotive and transportation, and enterprise storage markets to design high performance, power efficient and reliable systems without the need for bulky batteries or capacitors. Everspin is the only provider of commercially available MRAM solutions and over the past eight years has shipped over 60 million MRAM units. For more information, visit www.everspin.com.
