

Everspin to participate in two investor conferences in June

Chandler, AZ, May 22, 2017— Everspin Technologies, Inc., (Nasdaq:MRAM), the world's leading developer and manufacturer of discrete and embedded Magnetoresistive Random Access Memory (MRAM), today announced that the company will participate in two investor conferences in June:

- Stifel 2017 Technology, Internet & Media Conference in San Francisco on June 5
- Needham's Inaugural Automotive Tech Day in New York City on June 6

Information about these conferences is on the Investor Relations section of Everspin's website at www.investor.everspin.com.

About Everspin Technologies

Everspin Technologies is the leading provider of MRAM solutions. Everspin's MRAM solutions offer the persistence of non-volatile memory with the speed and endurance of random access memory (RAM), and enable the protection of mission critical data particularly in the event of power interruption or failure. Everspin's MRAM solutions allow its customers in the industrial, automotive and transportation, and enterprise storage markets to design high performance, power efficient and reliable systems without the need for bulky batteries or capacitors. Everspin is the only provider of commercially available MRAM solutions and has shipped over 60 million MRAM units. For more information, visit www.everspin.com.
