Declaration on the compliance with the Packaging and Packaging Waste Regulation (PPWR)

We, **Everspin Technologies Inc.** hereby certify that the packaging used for the shipment of our products complies with the applicable requirements of the Packaging and Packaging Waste Regulation (EU) 2025/40 (PPWR), including all amendments in force as of the signature date shown below. This declaration applies to the packaging supplied with Everspin products intended to be placed on the European Union market.

The Packaging and Packaging Waste Regulation (PPWR) establishes harmonized requirements for packaging placed on the EU market with the objective of reducing packaging waste, minimizing the use of hazardous substances, improving sustainability, and facilitating the reuse and recycling of packaging materials throughout their life cycle.

Based on the information provided by our packaging suppliers and to the best of our knowledge, the packaging used for Everspin products conforms to the applicable requirements of Regulation (EU) 2025/40. Supporting technical documentation has been obtained from our packaging supplier and is maintained by Everspin Technologies to demonstrate conformity with the applicable provisions of the Regulation.

- Compliance with the substance requirements for packaging as specified in Article 5 of Regulation (EU) 2025/40, including the requirement that the sum concentration of Lead (Pb), Cadmium (Cd), Mercury (Hg), and Hexavalent Chromium (Cr(VI)) present in packaging or packaging components does not exceed 100 ppm.
- Compliance with the applicable conformity assessment requirements of Article 38 and the EU Declaration of Conformity requirements of Article 39 of Regulation (EU) 2025/40.
- Technical documentation supporting conformity has been prepared and is maintained in accordance with Annex VII of Regulation (EU) 2025/40 and will be made available to competent authorities upon justified request, in accordance with Regulation (EU) 2025/40.

Please note that the information provided in this declaration is based on information and supporting documentation received from our packaging suppliers.

Everspin Technologies will notify customers of any material changes that may affect the compliance status of the packaging covered by this declaration.
